929— 974	24	June 14, 1923
975—1022	25	June 21, 1923
1023—1054	26	June 28, 1923

JOURNALS ABSTRACTED

in the Current Medical Literature Department, January to June, 1923.

American Journal of Diseases of Children—January, 1923, p. 551; February, 1923, p. 551.

American Journal of Medical Sciences—Vol. clxiv, No. 3, p. 72; Vol. clxiv, No. 4, October, 1922, p. 173.

American Journal Roentgenology—November, 1922, p. 208; January, 1923, pp. 552, 603.

American Journal of Syphilis—Vol. vi, No. 4, October, 1922, p. 407.

American Journal of Tropical Medicine—September, 1922, pp. 551, 552, 744, 745; November, 1922, p. 960; January, 1923, p. 870; March, 1923, p. 870.

Annals of Medical History—September, 1922, p. 603; December, 1922, p. 961.

Annals of Surgery—December, 1922, p. 174; January, 1923, pp. 869, 870; February, 1923, pp. 822, 823; March, 1923, pp. 604, 821; April, 1923, pp. 1010, 1011.

Archives of Dermatology and Syphilis—Vol. vi, No. 5, November, 1922, pp. 407, 549, 550. Vol. vi, No. 6, December, 1922, p. 550; Vol. vii, No. 1, January, 1923, p. 465.

Archives of Internal Medicine—Vol. 30, No. 2, p. 72; No. 3, p. 72.

Archives of Pediatrics—January, 1923, p. 551.

Archives of Surgery—January, 1923, pp. 870, 958; March, 1923, p. 743.

British Medical Journal—September 16, 1922, p. 75; October 7, 1922, pp. 74, 75; October 14, 1922, p. 73; October 21, 1922, p. 75; November 4, 1922, p. 364; November 11, 1922, p. 364; November 25, 1922, p. 406; December 2, 1922, p. 406; December 16, 1922, p. 867; December 23, 1922, p. 868; January 6, 1923, p. 868; February 3, 1923, p. 822; February 24, 1923, p. 822.

Canadian Medical Association Journal—Vol. xii, No. 10, October, 1922, pp. 408, 409; November, 1922, pp. 409, 464, 465.

Edinburgh Medical Journal—July, 1922, p. 77; October, 1922, p. 76; February, 1923, p. 822.

Indian Medical Gazette—October, 1922, p. 78; November, 1922, p. 173; December, 1922, p. 173.

Johns Hopkins Hospital Bulletin—December, 1922, pp. 406, 407; January, 1923, p. 960; February, 1923, p. 959; March, 1923, p. 959.

Journal of Metabolic Research—June, 1922, p. 78; July, 1922, p. 550; August, 1922, p. 960; September, 1922, p. 1010.

Journal of Experimental Medicine—Vol. xxxvi, No. 2, p. 73; Vol. xxxvi, No. 4, p. 73.

Journal of Urology—June, 1922, pp. 290, 364; July, 1922, pp. 290, 364; August, 1922, pp. 176, 364; September, 1922, pp. 176, 206; October, 1922, pp. 206, 207; November, 1922, pp. 206, 207; January, 1923, p. 408; February, 1923, p. 1011.

Lancet—October 14, 1922, p. 74; October 21, 1922, p. 75; November 11, 1922, p. 365; November 18, 1922, p. 406; December 2, 1922, p. 365; December 9, 1922, p. 365; December 16, 1922, p. 868; December 23, 1922, p. 868; December 30, 1922, p. 869; Jan. 6, 1923, p. 823; January 20, 1923, p. 603; January 27, 1923, p. 603; February 3, 1923, p. 822; February 10, 1923, p. 822.

Medicine—2d Issue, p. 77.

New York State Journal of Medicine—Vol. 22, No. 8, August, 1922, p. 290.

Oxford Medical Publications—Vol. 1, p. 73.

Practitioner—July, 1922, p. 76; August, 1922, p. 76; October, 1922, p. 76; November, 1922, pp. 365, 406.

Proceedings of the Washington University Medical Society—October 9, 1922, p. 552.

Public Health Reports—Vol. 37, No. 45, November 10, 1922, p. 208.

Quarterly Journal of Medicine—October, 1922, p. 77; January, 1923, pp. 552, 744.

Surgery, Gynecology and Obstetrics—December, 1922, pp. 78, 174; January, 1923, p. 175; February, 1923, pp. 465, 823, 867; March, 1923, pp. 744, 821; April, 1923, p. 961.

Wiener Klinische Wochenschrift—December 7, 1922, p. 604; December 14, 1922, p. 604; December 28, 1922, p. 604; February 1-8, 1923, p. 823; February 15, 1923, p. 961; February 22, 1923, p. 961; March 1, 1923, p. 1011; March 8-15, 1923, p. 1011.

AUTHORS.

A

Abbott, C. R., and Hunt, E. L.—Intestinal Obstruction by Gall-Stones. (N. E. S. S.) 390.

Abell.—Papilloma and Adenoma of the Gall Bladder. (Ann. of Surg., Mar., 1923), (A.) 604.

Acton and Chopra.—Pharmacological Action of Khesari Amine. (Ind. Med. Gazette, Nov., 1922), (A.) 173.

Adams, Donald S.—Observations on the Transfusion of Blood. (Or.) 949.

Addis, T.—Renal Function and the Amount of Functioning Tissue. (Arch. of Int. Med., Vol. 30, No. 3), (A.) 72.

Alling, Marshall L.—Some Observations Made During the American College of Surgeons' Cruise to South America. (Or.) 858.

Anderton, Walter P.—Symptoms and Treatment of Central Vascular Syphilis. (Or.) 377.

Andreatti.—Treatment of Tuberculosis. (Wien. Klin. Woch., Dec. 28, 1922), (A.) 604.

Andrews—Primary Retroperitoneal Sarcoma (Surg., Gyn. & Obstet., April, 1923), (A.) 961.

Apelian, Albert S.—The Effect of Fear on Menstruation. (C.) 55.

Armstrong, Donald B.—Health Examinations. (Or.) 772.
Indications from the Experience of the Framingham Tuberculosis Experiment. (Or.) 433.

Ashby and Wright.—Diseases of Children. Medical and Surgical. (B. R.) 238.

Austin, A. Everett.—Progress in Gastroenterology. (P.) 259.

B

Baldwin.—Human Bladder Muscle Under Increased Tension. (Jour. of Urol., June, 1922), (A.) 290.

Banting, F. G., Campbell, W. R., and Fletcher, A. A.—Further Clinical Experience with Insulin. (Brit. Med. Jour., Jan. 6, 1923), (A.) 868.

Barney.—Gonococcal Infection of the Kidney. (Jour. of Urol., Jan., 1923), (A.) 408.

Barney, J. Dellinger.—The Operability of Prostatic Obstruction. (Or.) 755.
The Question of Recurrent Renal Calculi. (Surg., Gyn. and Obstet., Dec., 1922), (A.) 174.
The Relation of the Urologist to Cancer. (Or.) 431.
The Silent Kidney. (N. E. S. S.) 665.

Baylor and Crowe.—Benign and Malignant Growths of the Nasopharynx and Their Treatment with Radium. (Ann. of Surg., March, 1923), (A.) 821.

Bayne-Jones and Vander Lingen—The Bactericidal Action of Ultra-violet Light (Johns Hopkins Hosp. Bull., Jan., 1923), (A.) 960.

Bean, Harold C.—Thromboangiitis Obliterans. (Or.) 427.

Bearse, Carl.—Are Amputation Stumps Receiving Adequate After-Care? (Or.) 542.

Beesley, Lewis, and Johnston, T. B.—Manual of Surgical Anatomy. (B. R.) 602.

Belding, David L.—A Correction. (C.) 833.
The Wassermann Test. II. Notes Upon Children of Women with Positive Wassermann Tests. (Or.) 692.

Bell.—The Influence of Saturnine Compounds on Cell-Growth. (Lancet, Nov. 11, 1922), (A.) 365.

Bell, Albert J.—Feeding, Diet and General Care of Children. Book for Mothers and Trained Nurses. (B. R.) 462.

Bellingham-Smith.—Congenital Heart Disease and Its Prognosis. (The Practitioner, Nov., 1922), (A.) 365.

Belt and Mathe.—A Case of Bilateral Pyelitis due to the Bacillus Pyocyaneus. An Unusual Kidney Infection Diagnosed Through Ureteral Catheterization. (Jour. of Urol., Oct., 1922) (A.) 206.

Benedict, Cornelia Golay, and Francis G.—A Permissible Breakfast Prior to Basal Metabolism Measurements. (Or.) 849.
A Student Form of Respiration Apparatus. (Or.) 567.

Benedict, Francis G.—The Basal Metabolism of Young Girls. (Or.) 127.

Bigelow, G. H.—Medical Supervision at Antioch College. (Or.) 157.

Binney, Horace.—Gangrene of the Lung. Report of a Case. (Or.) 844.

Blackham, R. J.—Aids to Tropical Hygiene. (B. R.) 278.

Blair, D. H.—Narcotics. (Misc.) 183.

Blake, John B.—The Truth About Blayds. (C.) 327.

Bloodgood.—The Diagnosis and Treatment of Bone Lesions: A Brief Summary of the Salient Features. (Am. Jour. of Roent., Jan., 1923), (A.) 603.

Bloodgood, Joseph C.—Cancer as a Preventable Disease. (Or.) 226.

Bloomfield—The Effect of Antiseptics on the Bacterial Flora of the Upper Air Passages (Johns Hopkins Hosp. Bull., Feb., 1923), (A.) 959.

Borden, Charles R. C.—A Clinical and Pathologic Study of Tonsils Subjected to X-Ray. (Or.) 493.

Bowditch, Harold.—The Caduceus. (C.) 831.
Physicians' Auto Insignia. (C.) 1020.

Bowditch, Henry I., and Leonard, Ralph D.—Preliminary Report on the Treatment of Pertussis by the X-Ray. (Or.) 312.

Boyd, Gladys L.—The Value of Colostrum to the Newborn. (Can. Med. Assn. Jour., Oct., 1922), (A.) 409.

Brausch.—Renal Torsion. (Jour. of Urol., Jan. 1923), (A.) 408.

Brainard, Annie M.—Evolution of Public Health Nursing. (B. R.) 820.

Breed, William B., and White, Paul D.—Heart Disease in Pregnancy. (Or.) 984.

Breitner.—Investigations on the Thyroid. (Wien. Klin. Woch., Dec. 14, 1922), (A.) 604.

Briggs, L. Vernon.—New Wards for Middlesex Hospital, London, England. (C.) 89.
Where Does Mental Hygiene Begin? (Or.) 1034.

Brink, Louis, and Jelliffe, Smith Ely.—Psychoanalysis and the Drama. (B. R.) 405.

Brondhurst, Jean.—How We Resist Disease. (B. R.) 866.

Brown, Alan.—Asthma in Children. (Can. Med. Assn. Jour., Nov., 1922), (A.) 464.

Brown, J. J. G.—Notes on Sthenic Dyspepsia. "Hyperchlorhydria." (Edin. Med. Jour., Oct., 1922), (A.) 76.

Bryant, Frederick.—Report of 146 Cases of Skin Affections Treated with Radium. (Or.) 803.

Bryant, John.—Convalescence: II. A Problem in Preventive Medicine and Public Health. (Or.) 99.
Convalescence: III. A Chronological Review, from 1877 to 1917. (Or.) 625.
Convalescence: A Chronological Review: IV. From 1917 to 1920. (Or.) 687.
Convalescence: V. The Winifred Masterson Burke Relief Foundation. (Or.) 951.

Buckman, Thomas E.—Progress in Medicine: Recent Advances in the Treatment of Anemia. (M. P.) 200.

Bumpus and Giordano.—Carcinoma in the Ureteropelvic Juncture Metastatic from the Prostate. (Jour. of Urol., Nov., 1922), (A.) 207.

Burnett, F. L.—Mortamines or Faulty Food Factors. (Or.) 897.

Burnham, J. Forrest—Essex North District Medical Society. History of the M. M. S. by W. L. Burrage, and A. M. A. Automobile Emblem (Misc.) 969.
